

Innovative Financing Solutions

Advance Credit's Working Capital Program is a unique product. This program will allow you to leverage assets that many businesses don't even realize they have... their future credit card receipts.

Having a 90% approval rate, our program is also not like a bank loan. Many banks tend to decline businesses' requests for loans and/or lines of credit.

With Advance Credit's program, once you've paid the majority of your working capital advance off, you are eligible to apply for additional funds.

Do you need working capital for you business?

You can also obtain working capital - up to \$500,000 - for your business using future credit card processing receipts as collateral.

If your business has been turned down by a traditional lender for a loan of line of credit, Advance Credit can help

Our program has a 90% approval rate and Advance Credit's funding is usually available within 7 - 10 business days.

Plus, this is not a loan product. You can use Advance Credit's working capital for anything...

- Buy Equipment
- Expand or Renovate
- Open new locations
- Purchase Inventory
- Buy raw materials
- Marketing Campaigns
- Pay down debt
- Or, anything else your business may need!

ADVANCE CREDIT

Traditional Lenders/Banks

90% approval rate on working capital requests	Reject most small business loans/ credit requests
Approval in 24 - 48 hours	Approval takes 1 to 4 weeks
Funding Available in 7 - 10 days	Funding can take from 4 - 8 weeks
No fixed monthly payments, we only take a small percentage of your future sales until we are paid in full. If you're having a "slow" month, being a percentage, our payback adjusts accordingly.	Most traditional loans/credit lines have fixed monthly payments and terms. If you miss payments, or cannot make full payments each month, you will find yourself in default
No Personal Guaranty	P.G. Required

Requirements are simple:

Your business must be processing customers' credit cards for at least 60 days and you must process at a minimum of \$10,000 per month in credit card transactions.
